Garbage Collection: Clear Bag Program

The soft launch of our clear bag program for garbage collection starts on March 1, 2020.

See your yellow landfill site pass and our website for more information. Use your smartphone camera with this QR code to go directly to our website:

Township E-Newsletter

Want to know if there is a change to holiday garbage collection? Want to know when free public skating is? Want to know when Council is dealing with an important policy update? Sign up for the Township e-newsletter selwyntownship.ca/enewsletter and stay up-to-date.

Community Improvement Plan

Local businesses: Thinking of improving your front façade, updating your signage or adding some new landscaping? The Township has grants for businesses to help with these costs! Contact the Economic Development Department at 705-292-9507 to learn more!

Flood Preparedness

Are you prepared for flooding? Do you have sand bags to protect ground level windows and doors, a generator to power your sump pump, and are items near your shoreline secured? For tips on flood preparedness, visit our website.

Payments

Did you know that tax payments are always due the 1st Monday of **March, May, and October** and the 2nd Monday in **August**?

Online payments and pre-authorized payment (PAP) plans help you coordinate your payments at no additional charge. Our monthly plan is 11 months, so there is no withdrawal in December.

Payments cannot be made by credit card.

Watch Council Meetings - at home!

Council and Committee of Adjustment meetings can be watched in real time from the comfort of home! Archived videos can also be viewed on the Township website.

LIVE STREAMING

Did you know...

- If you **demolish a structure** you have to **file an application with the Finance Department** in order for your property's current value assessment to reflect the change. Any **improvement or addition** to your property will increase the current value assessment. It could take up to 3 years before you see this bill. Keep this in mind when budgeting after an improvement or an addition.
- The **Municipal Property Assessment Corporation (MPAC)** provides the Township with the assessed value of your property for tax billing purposes. Visit their website for more information: www.mpac.ca
- **Dog Licencing**—all dog owners are required to purchase and keep their dog tags current.
- **Move right for the green light.** Help our volunteer firefighters - please pull over when you see a flashing green light.
