Dear Mayor Smith,

We wanted to express our thanks to the Township and particularly Paul Marks and Jamie-Lee Wiltshire for helping us have the wedding of our dreams at our aunt's home in Ennismore. At the eleventh hour we were informed that we required a permit for our tent, and your team showed us great compassion in getting it sorted out in time for our special day. We were fortunate to come across such great people in a time of crisis, and we do not take their kindness for granted. We thought that you'd want to know about the good deeds done in your office.

With kind regards,

Michael & Stephani Carlesimo
