Dear Members of Douro-Dummer and Selwyn Township Councils

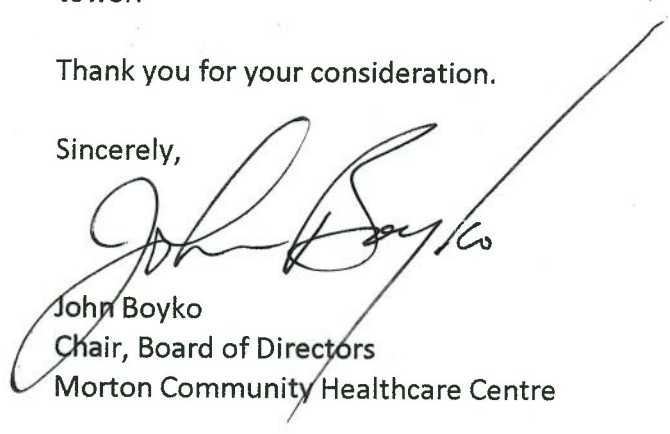

Re: Provision of Municipal Water Supply to Morton Community Healthcare Centre

We are pleased that road repair to the portion of Strickland Street adjacent to the Morton Community Healthcare Centre is being planned as for some time now the road has been in need of repair. We would like to be kept up to date as to the road repair plan.

We appreciate that as part of the road repair plan you have asked the MCHC board to consider whether it would support and fund the extension of water service to the MCHC. The board has considered the offer and decided at its June 20, 2019 meeting that our resources and needs are such that we will not request access to the water supply from the Strickland Street water tower.

Thank you for your consideration.

Sincerely,
