

Date: Tuesday February 14, 2017

To: Mayor Mary Smith and Council Members

From: Fire Chief Gord Jopling

Subject: 2016 Annual Report

Status: For Information

Recommendation

That the report from the Fire Chief dated Tuesday February 14th, 2017 regarding the 2016 Annual Fire Report be received for information.

Information

The following report provides Council with information on the operational division and major capital expenditures for the Fire Department in 2016.

Incident Calls

Total calls for the year 2016 were 1037 compared to 914 in 2015, an increase of 13%. A substantial increase in medical calls accounts for much of this increase. See Table 1 for breakdown of calls in attachments below.

Total Fire calls this past year were up slightly over last year at 88 for 2016 versus 77 for 2015. Actual fire losses were down substantially at \$1,014,650.00 in comparison to the estimated losses of \$7,585,400.00 in 2015. Refer to the Table 2 for more information.

Motor vehicle accidents were above the previous year as were medical. False CO alarm and other types stayed at roughly the same number as in previous years.

Table 3 shows the breakdown of the number of calls per each firehall.

Table 4 shows call average for last number of years.

Personnel

The Fire Department currently has a roster of 91 personnel. Fire halls #1, 2, 5 have a good compliment of personnel. Hall #3 Young's Point and #4 Curve Lake had seen a steady decline in their numbers as personnel have left the department or moved to other areas in the Township.

In order to increase the compliment of firefighters for Halls #3 and #4 a recruitment was conducted in late October with the help of Human Resources Coordinator Kim Berry. There were 12 interviews were conducted with the following 8 people being offered positions. Of the eight, six are currently attending the 2017 EOETA recruit training course in Norwood.

Dan Brunelle-Fletcher	H#3	Jarrett Smith	H#4
Brandon Watson	H#3	Cody Wilson	H#4
Dustin Dunn	H#3	Willian Quinton	H#4
Charles Murphy	H#3	Brian Geffert	H#4

Two other firefighters were taken on for Hall #4 earlier in the year, Sonny McCue and Colin Jopling.

Two Captains where promoted to Senior Captain for their perspective fire halls.

Tim Gingrich Hall #3
Paul Fitzgerald Hall #4

Year four of our Christmas service awards dinner was held at the Lakefield Legion with a very good turnout. The following long service awards were handed out.

5 years - Justin Kidd, Mike Telford, Laurie Cruise, Steve MacCallum, Austyn Reichelt
10 years - Aaron Fallis, Garnett Hinds, Kirt Jackman, Kyle Conlin
25 years - Tim Gingrich, Eric Bloomfield, Scott Heard
35 years - Jim MacIntosh, of which 4 accumulated from Selwyn Fire.
45 years - George Jackman
55 years – Norm Kyle

Three Firefighters also retired this past year for a combined year total of 90 years of service.

Reg Coones 35 years
Kit Martin 28 years
Rob Shears 27 years

The Mitchell Pogue Award was presented to Caleb McGinnis in 2016. The award winner is picked by their peers for a new firefighter that exemplifies commitment, enthusiasm and passion for the fire service.

The Outstanding Service Award recognizes an exemplary member for outstanding service. The 2016 recipient was Frank Donald.

A third award, the Excellence in Training award is presented to the firefighter that consistently attends training, always striving to improve their skills. The 2016 recipient was Jim MacIntosh.

A fourth award was presented for the first time this past year – the Exemplary Leadership Award. This award recognizes strong leadership qualities and goes to a member who is highly respected for their ability to foster an atmosphere of teamwork and common purpose. This first award was presented to Captain Bill Northey.

Congratulations to all award winners.

There were also a number of firefighters that stepped down from the fire service for various reasons in 2016 and we recognize their contribution for service provided to the Township.

Ted Graham	Hall #3	Ryan Spears	Hall #3
Kit Martin	Hall #2	Mike Lanigan	Hall #3
Kyle Taylor	Hall #4	Andrew Henderson	Hall #5
Laurie Cruise	Hall #3	Rick Cavanagh	Hall #1

Fire Prevention/Education

The Department's Fire Prevention and Fire Safety initiatives are really ramping up and showing positive outcomes in the community.

Fire Prevention Week this past fall reached 615 children through tours of the firehalls and in class presentations.

There were 94 Brownies, Sparks and Girl Guides attending the firehalls with both parents and group leaders. There was also a summer day camp of 26 kids that attended a firehall safety session.

Halloween night had approximately 700 kids and parents attend Halls #1, 2, 5.

The Fire Department along with Community Safety Net partnered with 29 local businesses to produce and distribute fire safety books and DVDs to 300 students.

Fire crews attended 4 trailer parks this past summer to raise awareness about trailer safety and distribute fire safety information. This went over really well with residents of the trailer parks and was very much appreciated. This will be an ongoing event as we try to hit at least 4 different parks a season.

The Shamrock festival continues to be a great spot to set up as it is front and centre for the many families that attend the festivities.

Sparky (our mascot) made 11 appearances at events throughout the year and is always a huge hit with the kids.

Our Honour Guard has attended quite a number of functions and continue to bring a professional pride to the Fire Department.

Howie is continuing the Swim to Survive Program along with the Risk Watch Group. (See Table 5 Risk Watch, Swim to Survive report)

Smoke alarm door to door inspections for the year added up to 176 inspections. Howie has provided a sheet with the breakout of the actions taken and non-compliance reasoning. Smoke alarm sales continue at a brisk pace as home owners become aware that they can pick them up at the firehall and ask those questions as to where and how to install them properly. (Table# 6)

There were 25 inspections done to the various schools, businesses and requests and complaints.

There were six, Part 1 Provincial Offences tickets handed out to property owners who had fires occur or problems found in a home inspection that had no working or disabled alarms.

Apparatus and Equipment

The department started the process to replace Rescue #5 early in 2015 with an RFP opening on June 15, 2015. The rescue was delivered in April 2016 and has worked very well meeting Hall #5 member's expectations.

After a long and productive discussion with the officers in the department, it was decided that a change to our apparatus needs warranted a change to the master fire plan. Instead of a second tanker added to the fleet, it was decided a second permanent grassfire/water source supply truck would be a more sound investment for our firefighting and emergency call needs.

The replacement of a pumper was moved up one year with the addition of a second GMC 3500 series 4x4 crew cab truck. It was fitted with the existing grassfire unit that sits in storage for much of the year, along with a bigger portable pump that would move a greater volume of water for firefighting and filling pumpers in a water shuttle scenario.

After a long trial of trying to sell the 2001 Self Contained Breathing Apparatus with no success, other than a few bottles purchased by the Douro-Dummer fire department, it was decided to donate the units to Firefighters without Borders. The units were picked up and will be transported to the Dominican Republic, where hopefully they will help in firefighter safety for that Country's fire personnel.

Agreements/Other

The automatic aid agreement, in which Selwyn would cover a portion of the North West area of Douro-Dummer, was signed in December 2016 and the start date was January 10, 2017.

Strategic Plan Reference

Achieve excellence in governance and service delivery

Financial Impact

Report on the Activities of the Peterborough Risk Watch Network 2016

The Peterborough Risk Watch Network (PRWN) promotes childhood injury prevention through school-based programs, public education campaigns and community awareness events.

The members of the Network are representatives from B!KE: The Peterborough Community Bike Shop; Cavan Monaghan Fire Department; Kawartha Pine Ridge DSB; Ontario Provincial Police (OPP); Ontario Waterpower Association; Otonabee Region Conservation Authority; Peterborough Family Resource Centre; Peterborough Fire Services; Peterborough Police Services; Peterborough Public Health; Peterborough Victoria Northumberland and Clarington Catholic DSB; Selwyn Fire Department; St. John Ambulance.

The members meet on a monthly basis to discuss changes in the network, to plan community safety events, plan and coordinate the Swim to Survive program, and look for ways to improve the network.

Swim to Survive Program

The Peterborough Risk Watch Network facilitates the delivery of the Swim to Survive Safety Program to local schools in Peterborough City and County. Our program is unique, as it links schools with emergency service workers in the community; each in-class portion is taught by a firefighter, police officer or paramedic. The Swim to Survive program is a school-based drowning prevention program that teaches Grade 3 students the skills and awareness that will help them avoid or survive an unexpected fall into deep water. The program teaches students to:

- Recognize safe (and unsafe) places to swim
- Avoid hazards of cold and fast moving water
- Choose and use an appropriate life jacket
- Always swim with a swim buddy
- Roll into deep water
- Call for help immediately
- Tread water to control breathing
- Swim a short distance to make it to safety

In the academic year of 2015/2016, 695 grade 3 students from 23 schools participated. In addition to this, PRWN received additional funding from the Healthy Kids Community Challenge allowing us to reach an additional 167 students from 6 schools. This brings our total to 862 students in 29 schools in Peterborough City and County.

Activities to run this program take place throughout the year and include running a launch meeting with all partners in September, compiling grant applications and reports, participating in 'graduations' at pools and more.

Healthy Kids Community Challenge

In January, PRWN received notification that we were successful in our application for funding from The Healthy Kids Community Challenge grant. The group received \$15,000 in funding that was used to expand the program to 6 Peterborough County schools, hire a consultant to create a program guide to facilitate delivery of the program to the increasing number of participants, and to create 3 5-minute videos that will be used in program implementation. These items were worked on by members throughout the year and are currently being used in the implementation of the program for 2016/2017.

Public/Community Awareness and Events

January

- Peterborough Risk Watch Network planned a Family Day Safety Skate. However, due to unseasonably warm weather, the event had to be cancelled last minute as the ice wasn't safe.

February

- The partnership between PRWN and Health Kids community challenge was highlighted in a media release featuring students from Curve Lake First Nation. Media release titled: Curve Lake First Nation PS goes Swimming Thanks to Healthy Kids Community Challenge

March

- PRWN was featured in the Chex Daily Coptalk, where Cst. Grant Eastwood spoke about Risk Watch and the Swim to Survive program.

May

- In May, group received funding from the Ministry of Transportation to participate in the Road Safety Challenge (May 11 - June 12). The group selected the themes Pedestrian and Cycling Safety and used funds to order bicycle helmets.
- PRWN celebrated Parachute Safe Kids Week (May 30 - June 5) by promoting multiple safety messages on the radio. Radio ads and social media campaign included safety information about falls, poisoning, burns, water safety, concussions, playground safety, and bike safety. Radio messages were played during the morning show on both Energy 99.7 and Country105.
- Social media safety messages in May and June had over 5600 impressions and 17 engagements

4. b) Attachment 5

- PRWN participated in Water Safety Campaign leading up to May long weekend. Group promoted water safety and PFDs on social media and Jason Folz appeared on Chex Daily on May 19th, 2016.
- PRWN attended four bike rodeos at local schools and provided helmets to children in need and did helmet fitting, as well as provided other safety equipment and information.

June

- Group attended a pulse pop-up event on Harvey St. We had a display table set up with helmets, bells, reflective slap bands and safety information. A small fleet of run bikes purchased last year for use at these events were also available for young children to practice their bike handling skills on a bike playground. Event was covered by local media.

July

- Group participated in Peterborough Pulse, an open streets event in downtown Peterborough. The group promoted cycling safety at this event and gave out helmets, bells and snap bands, and other safety resources. The fleet of run bikes and helmets were also used at the bike playground activity centre.

- PRWN promoted the Summer Swim to Survive Program - a FREE drowning prevention program offered by the City of Peterborough's waterfront lifeguards at Beavermead Beach via a media release and other promotional methods.

4. b) Attachment 5

September

- Pop-Up Pulse event was held on King St. on September 17, 2016. Risk Watch provided helmets and slap bands. B!KE and GreenUP hosted.

October

- PRWN had a presence at the Fire Prevention Week (October 9th-15th) Open House on October 12.
- 17 Hockey Helmets with cages purchased for distribution to those in need at winter events.
- Risk Watch present with safety info at Selwyn Fire Hall Halloween event.
- Members attended a Peterborough Police Safety patrol Skate for grades 5-8 (200+ students in attendance). We supplied hockey helmets with cages, reflective bands and reflective Halloween bags. Messages included how to be safe at Halloween, and helmet safety for skating and winter activities

- PRWN had table at the Health Kids Challenge Family Day at the Market event and distributed reflective snap bands. This event highlighted projects from theme Run. Jump. Play. Every Day. There were 70+ families in attendance. Video of Swim to Survive on loop was received well and recognized by participants

November

- Representative from Risk Watch presented at Aquatics Pro conference in a small group session. Topic was how our partnership works, highlighting our success and use of new program guide
- Risk watch attended skating event on PA day at Evinrude centre, and a Risk Watch Free skate in Norwood. We had a table with safety equipment, helmets and safety information at both events.
- Group ordered 1000 reflective snap bands for use throughout the year promoting visibility, cycling safety

4. b) Attachment 5

December

- Group supported Curve Lake Santa Claus Parade by donating reflective bands to be distributed to children.
- PRWN attended Cavan Monaghan Christmas in the Village with safety items and information

PRWN Supporters

The Kawartha Credit Union is one of the official sponsors for the Peterborough Risk Watch Network. In 2016, the Network also received financial support from:

- Peterborough Public Health
- The Lifesaving Society
- The Ministry of Transportation

We would like to thank Kawartha Credit Union for continuing to support the Peterborough Risk Watch Network in working towards reducing childhood injury in Peterborough County and City.
