FAQs (Frequently Asked Questions)

What if there are items in my garbage I do not want other people to see?

One (1) small “opaque privacy bag” can be placed inside each clear bag for personal items, such as sanitary products, diapers, incontinence products, pet waste, or other personal items. These opaque bags are similar in size to a grocery bag.

What if I use a container for curbside garbage?

You can keep using your container, just make sure that there is no recycling in it. If you use opaque bags in a container, start using a clear bag. You can use an opaque bag (grocery-sized) for privacy items.

COVID-19- Novel Coronavirus:

Until further notice, the Township is asking that you please bag ALL garbage and DO NOT place waste loosely in garbage containers. Loose materials will NOT be collected. This small change helps protect collectors from the risk COVID-19.

What do I do with my left-over opaque garbage bags?

Any leftover opaque bags can be used for future clothing donations or donated to friends/family not in a jurisdiction requiring the use of clear bags.

What happens if I do not use a clear garbage bag after September 1, 2021?

Starting September 1, 2021 clear garbage bags will be mandatory. If an opaque bag is used it will not be picked up at the curb or accepted at the landfill. Remember you can still have your small opaque bag for privacy inside the clear bag.

What retailers sell clear garbage bags?

Clear garbage bags may be purchased at most places that carry opaque bags. Local retailers that sell clear garbage bags can be found on our website.

Do clear plastic garbage bags cost more than traditional black plastic bags?

Both clear and black plastic garbage bags are made from the identical materials but without colouring added, so the suggested retail price should be similar.

What if I have a special medical circumstance and need a larger privacy bag?

We can accommodate special medical circumstances. Please contact the Selwyn Township Municipal Office at 705-292-9507.
